During this time, I have

attended classes in regards to on-line ads and undercover chat investigations as it pertains to child exploitation as well as prostitution/human trafficking. I have also attended classes in regards to the BitTorrent Network as it pertains to the download and sharing of child pornography files. As a Special Assistant Attorney General with State of South Dakota my duties include investigations related to illegal possession and distribution of images containing sexually explicit material, and investigations dealing with illegal activities concerning the Internet or World Wide Web.

2. During my law enforcement career, I have become familiar with the *modus operandi* of persons involved in the receipt of child pornography in violation of federal law. Based on my experience and training, I am knowledgeable of the various means utilized by individuals who illegally receive illicit images of children.

3. The information set forth below is based upon my knowledge of an investigation conducted by the South Dakota Internet Crimes Against Children Taskforce (ICAC) and the investigation of other law enforcement agents and officers including, but not limited to, South Dakota Division of Criminal Investigation (DCI) and Homeland Security Investigations (HSI). I have not included every fact obtained pursuant to this investigation, but have set forth those facts that I believe are essential to establish the necessary probable cause for the criminal complaint. I have not omitted any material fact relevant to the

consideration of probable cause for a criminal complaint against the above named defendant.

- I observed additional images of child pornography as well as the images provided in the original CyberTip within the Google search warrant return.
- I also observed a picture of who I believe to be Nathan Hankins after comparing the male to police booking photos of Nathan Hankins. The picture showed Nathan sitting on play equipment at what appeared to be a park. A girl, approximately 2-3 years old, sat on Nathan's lap. Nathan wore a red shirt and glasses. There was sand surrounding the play area and play equipment. The play equipment was red in color and I believe it to be some type of digging equipment. The Exif data showed the picture was generated with a Motorola Moto g(6) on 6/17/19. The picture was titled IMG\_20190617\_192226021.jpg.
- Upon reviewing the email contained within, I observed the following emails which may be significant to this case:

7/30/19 - Email sent from Nathan regarding a rental application.

- Within the rental application, it showed the following information for Nathan Hankins:
- Nathan Hankins
- 10/12/92

- 605-858-4349 - which matches the number listed in the information provided in the Cybertip
- nathan.hankins101@gmail.com - which matches the information provided in the Cybertip

9/1/19 - Email sent to Nathan regarding a Netflix payment paid with VISA ending in 9945.

9/4/19 - Email sent to Nathan regarding a Verizon payment paid with bank account ending in 7002.

9/10/19 - Email notification that Dropbox was granted access to Google account nathan.hankins101@gmail.com

9/12/19 - Email located in the nathan.hankins101@gmail.com from nathan.hankins101@gmail.com. Within the body of the email was the following link:

**[https://mega.nz/#F!d11W1CjT!OO5zTBlvM4CEnzumX\\_AWCA](https://mega.nz/#F!d11W1CjT!OO5zTBlvM4CEnzumX_AWCA) (WARNING: LINK TAKES YOU TO CHILD PORNOGRAPHY!).**

18. I did a Google search of mega.nz and learned the following: MEGA is a cloud storage and file hosting service offered by Mega Limited, an Auckland-based company. The service is offered primarily through web-based apps. On 11/12/19, I clicked on the web address mentioned above and was sent to a web page with what he observed to be multiple thumbnails of child pornography. The thumbnails appeared to be representations of child pornography videos. The folder containing the videos was titled Dark5. Within the Dark5 main folder was a sub folder titled New folder. Within this sub folder was an audio file titled, "Nirvana - Scentless Apprentice Lyrics.mp3." The website showed "1/101 items are selected, with a total size of 1.20 GB." I took screen shots of the video thumbnails observed on this first page. Not knowing if what I was observing was only thumbnail pictures of videos or actual links to the child pornography videos, I clicked on the first video thumbnail and observed a video showing a 4-6 year old female child being vaginally raped and then ejaculated upon. In an effort to preserve evidence, I clicked the "Download as ZIP" option located in the upper right hand corner of the screen. The .zip file downloaded to his ICAC computer. The .zip file was automatically titled

Dark5.zip. The Dark5.zip file downloaded with the following message, "Not all of the files could be downloaded as a ZIP file. This can happen if some of the files were taken down. The operation finished with 98 of 101 items downloaded successfully."

19. I extracted the file Dark5.zip to confirm the content downloaded was in fact what I had originally observed on the website mail page. The videos appeared to be the same as what I had initially observed, but a few of the videos did not appear to download successfully. I was unable to determine why these few videos did not download properly. These files were titled:

- 002 (2).3gp
- 7yo-Gina-flip.mkv
- CHD Mickey Mouse Sheets Girl. 11 yo Chinese girl in Yellow bikini lets Dad play 14.48.mkv

20. On December 4, 2019, at approximately 6:30a.m., law enforcement executed a federal search warrant on Hankins' Rapid City residence. Upon entry, law enforcement observed Hankins, nude and also observed his seventeen year old girlfriend to be nude under covers. Agents searched Hankins' apartment and seized multiple devices from both Hankins and his girlfriend, including Hankins' cell phone.

21. Hankins is currently charged with a state sex offense regarding his girlfriend.

22. After the search warrant, Hankins was arrested on state charges for contributing to the delinquency of a minor, possession of marijuana, possession

of drug paraphernalia and two counts of violation of a no contact order, which was in place prohibiting him from contacting his minor girlfriend.

23. Upon forensic examination of Hankins' cell phone, examiner Hollie Strand located approximately 175 pictures and 4 videos of child pornography. The images appear to have been downloaded or obtained through a Cloud-based internet application or transferred to the phone via the internet. Some of the images were in a folder called "UFOTO," a "selfie" app which utilizes the internet, while others were Thumbnails meaning the images were accessed via that device.

#### CONCLUSION

24. I submit that there is probable cause to believe that Nathan David Hankins committed a violations of 18 U.S.C. § 2252A, receipt of child pornography.

Wherefore, I request the issuance of a criminal complaint and warrant for the arrest of Nathan David Hankins.
